When Tara, a single mother living in Fredericksburg, VA, decided to buy her first home, the first step she took was taking a free first-time homebuyer class offered by VHDA. "The first-time homebuyer class prepared me to be a homebuyer by allowing me to get everything in order," she said. "I learned tons of information from VHDA's first time homebuyer class, including how to improve your credit score and to see if this was really a good decision for me or not. There's so much information to know when buying a home – without this class, I would have been lost."

Are you wondering how to navigate the home buying process but don't know where to begin? The Virginia Housing Development Authority and local nonprofits are offering free homeownership education classes throughout September 2011 in the Northern Virginia region.

In addition to helping home buyers understand the home buying process, the completion of a homeownership education class is now required of all borrowers before applying for a VHDA home loan.

Attend one of the many free sessions below to learn about the advantages of homeownership.
