When Tara, a single mother living in Fredericksburg, VA, decided to buy her first home, the first step she took was taking a free first-time homebuyer class offered by VHDA. "The first-time homebuyer class prepared me to be a homebuyer by allowing me to get everything in order," she said. "I learned tons of information from VHDA's first time homebuyer class, including how to improve your credit score and to see if this was really a good decision for me or not. There's so much information to know when buying a home – without this class, I would have been lost."

Are you wondering how to navigate the home buying process but don't know where to begin? The Virginia Housing Development Authority and local nonprofits are offering free homeownership education classes throughout July 2011 in the Hampton Roads region. Also, National Homeownership Month is celebrated throughout the month of June to educate potential and existing homeowners in addition to encourage the benefits of owning and maintaining a home.

In addition to helping home buyers understand the home buying process, the completion of a homeownership education class is now required of all borrowers before applying for a VHDA home loan.

Attend one of the many free sessions below to learn about the advantages of homeownership.

About VHDA

VHDA is a self-supporting, not-for-profit organization created by the Commonwealth of Virginia in 1972, to help Virginians attain quality, affordable housing. VHDA provides mortgages, primarily for first-time homebuyers and developers of quality rental housing. We use no state taxpayer dollars, but raise money in the capital markets to fund our loans. We also teach free homeownership classes, and help people with disabilities and the elderly make their homes more livable. VHDA works with lenders, developers, local governments, community service organizations and others to help put quality housing within the reach of every Virginian.
