

HOMEOWNERSHIP EDUCATION

Housing Counseling

Agencies/organizations that offer housing counseling to clients deal with many aspects of housing issues. Individuals may receive assistance with pre-purchase counseling and development of a spending plan, post-purchase counseling and maintenance of a workable budget, and default counseling and loss mitigation options for those behind on their mortgage payments. Housing counseling services are confidential and are offered free of charge.

VHDA Homeownership Education Classes

VHDA Homeownership Education classes are offered by numerous agencies/organizations throughout the state of Virginia. Classes are available to assist potential homeowners with the homebuying process from start to finish. Class participants learn everything from preparing a spending plan, to closing on their mortgage loan and receiving the keys to their new house. Upon completion of the VHDA Homeownership Education class, participants receive a certificate which is often required by lenders for qualification for certain loan products. Class locations, dates, and registration information can be obtained by visiting the VHDA website at www.vhda.com/edu, calling the telephone numbers listed for the sponsoring agencies/organizations, or by calling VHDA at 1-888-643-2696.
